Town Report

Save the Date... June 25th Orland River Day!

Miss Orland River Day Pageant

Friday beginning at 6:00 pm

Orland River Day Pageant

Girls ages 2-4, 5-7, 8-10, 11-13

Prizes for the top 3 in each group!

Top winner in each category will join the parade Grand Marshall!

River Duck Dash

Watch the ducks dash
down the Narramissic!

Try your luck! Adopt a duck!
Sponsored by the Bucksport
Bay Chamber of Commerce

Kayak Capsize & Rescue

Castine Kayak will offer this
workshop. Learn what you need
to know to be a safe paddler.

Alewife Run

Come enjoy a leisurely
3.5 mile paddle from the
Fish Hatchery to Orland
village. Need a boat?
Rent one from Castine
Kayak for \$20!

Children's Games

Spin the wheel, Ring Toss
Match the duck, PLINKO,
and many more! 50¢/game

41st Annual Raft Race!

Put your "thinking caps" on & build a raft
to "race" down the Narramissic River!

Cash prizes! \$100—first place
\$50 —second place
\$25—third place

- Food Vendors
- Craft Vendors
- Music

Chili Cook-off!

Enter your best chili -
prizes for top three
judges' choices!

"The Crazy Family Fun
Magic Show" featuring
Danny Baker, Maine's
Funniest Magician!

The Town of Orland thanks Justin Burgess for his
Eagle Scout project of the "Welcome to Orland"
signs, as shown on the cover.

The Town also thanks Dakota Gross for his Eagle
Scout project of refurbishing the Orland Bicentennial
Park and lighting the flagpole.

Orland Historical Society

Open Saturday 9-10 & 1-3

Orland Fire Department

Open House Saturday 11am—4 pm

Come Join the Parade!

Parade through the village—
beginning at 10 am with the
Anah Temple Shrine Units!

And much more!

TOWN OF ORLAND 2014-15

Town Report

&

The Warrant

This town report is
dedicated in memory of
Gerry Guse
&
Phil Whitney

For their tireless work for the
Town of Orland

ARTICLE 19. To see what method the Town will use to collect taxes.
The Selectmen recommend: the same method as used in 2015-16.

ARTICLE 20. Shall the Town vote to charge interest on all unpaid taxes for the first installment of the 2016-17 tax billing cycle after September 30, 2016 and to charge interest the second installment after March 31, 2017.

Recommended Rate: 7% per annum

ARTICLE 21. Shall the Town vote to authorize the Selectmen to dispose of any Town-owned land or real estate acquired by non-payment of taxes on such terms as they deem advisable, to execute quit-claim deeds for the same, and to sell and dispose of any obsolete equipment and property.

ARTICLE 22. Shall the Town vote to authorize the Selectmen and Treasurer to borrow money and issue the Town's negotiable note from money raised during the year.

ARTICLE 23. Shall the Town vote to authorize the Selectmen and Treasurer to issue General Obligations Securities of the Town for the purpose of funding and refunding certain notes of the Town due now or to become due during the municipal year, 2016-17, and to fix time within which said securities are to become due.

Connie Brown, Registrar of Voters, will be at the Town Office during business hours for the purpose of correcting the voting list and for new registrations.

Given under our hands at Orland on the 19th day of May, 2016.

Edward Rankin, Sr.
Ralph Gonzales
Lester Stackpole
Selectmen for the Town of Orland

ARTICLE 14. Shall the Town vote to raise or appropriate the following sums for the fish account:

	2015-16	2016-17
Weir Expense	0.00	0.00
Orland Village Dam Reserve	<u>5,000.00</u>	<u>5,000.00</u>
<i>The Selectmen Recommend</i>	\$5,000.00	\$5,000.00

ARTICLE 15. Shall the Town vote to use the following revenues to reduce the 2016-17 appropriations:

	2015-16	2016-17
Undesignated Fund Balance (surplus)	145,000.00	150,000.00
Excise Taxes	330,000.00	340,000.00
State Revenue Sharing	74,000.00	72,000.00
Local Road Assistance	33,000.00	33,000.00
Town Clerk Fees	12,000.00	12,000.00
Snowmobile Reimbursement	600.00	600.00
Sale of Alewives	5,000.00	5,000.00
Community Center Rental	33,000.00	65,000.00
Lien Costs	8,000.00	7,000.00
Plumbing Permit Costs	<u>1,000.00</u>	<u>1,000.00</u>
<i>The Selectmen Recommend</i>	\$641,600.00	\$685,600.00

ARTICLE 16. Shall the Town vote that the taking of alewives for the year 2017 from all waters in the Town of Orland be regulated by the Fish Committee and the Selectmen according to the general laws of the State of Maine and the Town of Orland.

ARTICLE 17. Shall an ordinance entitled “Floodplain Management Ordinance” be enacted and the current one repealed?

ARTICLE 18. Shall the Town vote to allow the Selectmen to negotiate wages for Town labor and equipment.

WASHINGTON, DC 20510-1904
(202) 224-2623
(202) 224-2693 (FAX)

United States Senate
WASHINGTON, DC 20510-1904

Dear Friends:

It is an honor to represent Maine in the United States Senate. I am grateful for the trust the people of our State have placed in me and welcome this opportunity to share some key accomplishments from 2015.

Growing the economy by encouraging job creation was and remains my top priority. The tax-relief bill signed into law at the close of last year contains three key provisions I authored to help foster job creation and provide small businesses with the certainty they need to invest, grow, and, most important, hire new workers. Another provision I authored that became law last year gives a boost to both Maine's economy and traffic safety. This provision permanently changed the federal law that previously had forced the heaviest trucks onto our country roads and downtown streets, rather than allowing them to use Maine's federal Interstates. In addition, I was glad to help secure another significant award for the University of Maine's deepwater offshore wind initiative, which has the potential to advance an emerging industry and create thousands of good jobs in our state.

Maine's historic contributions to our nation's defense must continue. In 2015, I secured funding toward a much-needed additional Navy destroyer, likely to be built at Bath Iron Works. Modernization projects at the Portsmouth Naval Shipyard that I have long advocated for were also completed, as were projects for the Maine National Guard.

I was also deeply involved in crafting the new education reform law to better empower states and communities in setting educational policy for their students. The law also extends a program I co-authored that provides additional assistance to rural schools, which has greatly benefitted our state. A \$250 tax deduction I authored in 2002 for teachers who spend their own money on classroom supplies was also made permanent last year.

As a result of a scientific evaluation of the nutritional value of potatoes required by a law that I wrote, the wholesome fresh potato finally was included in the federal WIC nutrition program. I also worked on other issues important to Maine's farmers and growers, including research on wild blueberries and pollinating bees.

The Registrar of Voters shall hold office hours while the polls are open to correct any error in or change a name or address on the voting list; to accept the registration of any person eligible to vote and to accept new enrollments.

A person who is not registered as a voter may not vote in any election.

Given under our hand this day, May 16, 2016 at Bucksport, Maine.

Connie Brown, Town Clerk
Orland, Maine

**WARRANT AND NOTICE OF ELECTION
CALLING REGIONAL SCHOOL UNIT NO. 25
BUDGET VALIDATION REFERENDUM
(20-A M.R.S. § 1486)**

TO: Jane Marston, a resident Regional School Unit No. 25 (the "Regional School Unit") composed of the Towns of Bucksport, Orland, Prospect and Verona Island, State of Maine.

In the name of the State of Maine, you are hereby ordered to serve upon the municipal clerks of each of the municipalities within the Regional School Unit, namely, the Towns of Bucksport, Orland, Prospect and Verona Island, an attested copy of this warrant and notice of election. Service shall be in hand within three (3) days of the date of this warrant and notice of election. The municipal clerks of the above municipalities shall immediately notify the respective municipal officers. The municipal officers shall meet forthwith and countersign this warrant and notice of election. The municipal officers shall provide below for the respective municipal clerks to post or have posted this warrant and notice of election.

**TOWN OF ORLAND
REGIONAL SCHOOL UNIT BUDGET VALIDATION REFERENDUM
WARRANT AND NOTICE OF ELECTION**

Hancock County, ss.

State of Maine

TO: Connie Brown, Town Clerk of Orland: You are hereby required in the name of the State of Maine to notify the voters of this municipality of the election described in this warrant and notice of election.

TO THE VOTERS OF ORLAND: You are hereby notified that a Regional School Unit budget validation referendum election will be held at the Orland Community Center, 21 Schoolhouse Road in the Town of Orland on Tuesday, June 14, 2016 for the purpose of determining the following questions:

Question 1: Do you favor approving the Regional School Unit No. 25 budget for the upcoming school year that was adopted at the latest Regional School Unit budget meeting?

Question 2: Do you wish to continue the budget validation referendum process in Regional School Unit No. 25 for an additional three years?

INFORMATIONAL NOTE ON QUESTION 2:

A "YES" vote will require Regional School Unit No. 25 to continue to conduct a referendum to validate its annual school budget for the next three years.

A "NO" vote will discontinue the budget validation referendum for at least three years and provide instead that the annual school budget shall be finally adopted at a meeting of the voters of Regional School Unit No. 25.

The polls must be opened at 8:00 a.m. and closed at 8:00 p.m.

As Chairman of the Housing Appropriations Subcommittee, I have made combating veterans' homelessness a priority. This year's housing funding law includes \$60 million for 8,000 new supportive housing vouchers for homeless veterans. Since this program began in 2008, the number of homeless veterans nationwide has dropped by one third. Maine has received nearly 200 vouchers to support homeless veterans.

Last year, I became Chairman of the Senate Aging Committee. My top three priorities for the committee are retirement security, investing more in biomedical research, and fighting fraud and financial abuses targeting our nation's seniors. I advocated for the \$2 billion increase in funding for the National Institutes of Health to advance research on such diseases as diabetes and Alzheimer's. The Senate also unanimously passed my bill to support family caregivers. The Aging Committee's toll-free hotline (1-855-303-9470) makes it easier for senior citizens to report suspected fraud and receive assistance and has already received more than 1,000 calls.

A Maine value that always guides me is our unsurpassed work ethic. As 2015 ended, I cast my 6,072nd consecutive vote, continuing my record of never missing a roll-call vote since my Senate service began in 1997.

I appreciate the opportunity to serve Hancock County and Maine in the United States Senate. If ever I can be of assistance to you, please contact my Bangor state office at 207 945-0417, or visit my website at www.collins.senate.gov. May 2016 be a good year for you, your family, your community, and our state.

Sincerely,

Susan M. Collins
United States Senator

COMMITTEES:
ARMED SERVICES
BUDGET
ENERGY AND
NATURAL RESOURCES
INTELLIGENCE
RULES AND ADMINISTRATION

Dear Friends of Orland:

It has been a privilege to serve the State of Maine since being sworn into the U.S. Senate.

Much of my time in Washington this past year has been devoted to the Senate Armed Services Committee and the Select Committee on Intelligence. Protecting our homeland and the people of Maine from terrorism and violence remains one of my top priorities. Through my work on the Armed Services Committee, I was able to secure several provisions in the 2016 National Defense Authorization Act that benefit Maine. The legislation authorizes the construction of an additional DDG-51 Arleigh Burke Class Destroyer that could be built at Bath Iron Works and expands the HUBZone program to stimulate economic growth at former military installations like the former Brunswick Naval Air Station.

Returning control to teachers, school districts, and states has also been a primary concern of mine. I am encouraged that the Every Student Succeeds Act has become law. It eliminates the burdensome requirements of the No Child Left Behind Act and ensures access to a quality education for all students. A provision I helped author in the bill will give states the opportunity to pilot the use of their own proficiency-based assessments in lieu of federally-mandated standardized tests. Also included in the bill are several measures I secured to promote local input, fund education technology initiatives, and explore new strategies to increase student access to the internet outside of school.

Communities across Maine have taken bold action to improve their broadband connectivity, and I have been proud to foster federal support for these types of projects. My amendments to the Every Student Succeeds Act will promote the type of work already occurring in Washington County, where students who lack broadband access are able to check out mobile hotspots from their local libraries. Additionally, a bill I co-sponsored, the Community Broadband Act, helped pave the way for the FCC to enact rules protecting the ability of municipalities to invest in better broadband. I am excited by Maine's leadership on this important economic development issue and will continue to support local efforts in this area.

After extensive negotiations, the Senate passed a five-year transportation bill that will increase highway and transit funding in Maine and provide stability to improve our transportation infrastructure. The legislation contains provisions I cosponsored to cut red tape and improve predictability and timeliness by streamlining the federal permitting process for large infrastructure projects. Also incorporated in this bill are my provisions to relieve financial regulations on Maine's community banks and credit unions and to reauthorize the Export-Import Bank, a critical tool that supports communities and small business across the state.

Following my inquiries in the Energy and Natural Resources Committee, the National Park Service has announced they will begin exploring strategies to allow park visitors to purchase electronic passes online and will pilot the program at Acadia National Park. These passes would improve access to our nation's most treasured landscapes and would generate resources for years to come. I remain deeply engaged in preserving Maine's natural beauty and strengthening our outdoor recreation economy.

It is with solemn responsibility that I have focused my energy addressing the opioid epidemic in Maine. This work includes convening roundtables with a wide-range of health care and law enforcement professionals to combat addiction; introducing a proposal to safely dispose of excess prescription drugs; cosponsoring a

Senate-passed bill that addresses mothers struggling with addiction and the alarming effect it has on newborns; cosponsoring the TREAT Act, which expands the ability of medical specialists to provide life-saving medication-assisted therapies for patients battling heroin and prescription drug addiction; and calling on the Commander of U.S. Southern Command to increase efforts to stop the flow of heroin at our southern border.

I like to think of Maine as a big small town – and in a small town, the leaders are accessible and eager to listen. In that spirit, I've made it a priority to stay connected with people from all over Maine who e-mail, write, and call with suggestions or questions. If I can ever assist in your interaction with a federal agency, or you have thoughts, concerns, or personal input on a matter that is currently before Congress I hope you will contact me, let me know where you stand, and engage in this critical part of democracy. Please call my toll-free line at **1-800-432-1599** or one of my offices: Augusta (207) 622-8292, Presque Isle (207) 764-5124, Scarborough (207) 883-1588, or Washington, D.C. (202) 224-5344. You can also write me on our website at www.king.senate.gov/contact.

As always, I am honored to represent the people of Maine and look forward to working with you for the betterment of our great state.

Sincerely,

Angus S. King, Jr.

Paul R. LePage
GOVERNOR

STATE OF MAINE
OFFICE OF THE GOVERNOR
1 STATE HOUSE STATION
AUGUSTA, MAINE
04333-0001

Dear Citizens of Orland:

Maine has a long tradition of civil participation in both state and local government, and I thank you for being informed and involved citizens.

My vision for Maine is prosperity, not poverty. For this reason, one of my top priorities is the reduction and eventual elimination of the income tax. Some are pushing to raise the minimum wage, but I want Mainers to earn a maximum wage. Reducing the income tax is the biggest and most immediate pay raise for all hard-working Mainers.

Not only does an income tax cut put more money back in your pockets, but it will also attract businesses that can offer good-paying careers to keep our young people here in Maine. It shows the nation that we are serious about wanting people and businesses to come—and stay—in Maine.

Another of my priorities is to lower the cost of student debt in Maine. If young people are struggling with too much student debt, they are unable to afford homes or vehicles. We are now offering programs to help them lower their debt, stay in Maine, begin their careers and start families.

To provide good-paying jobs for our young people, we must also work hard to reduce our energy costs. High energy costs are a major factor in driving out manufacturers, mills and other businesses that need low-cost electricity. I am committed to lowering the cost of energy, not only to attract job creators, but also to allow Maine people to heat and power their homes affordably and effectively.

And finally, we are making progress to address the drug pandemic in our state. It is my most important duty to keep the Maine people safe. While education, treatment and prevention efforts are important, we must get the dealers off the streets. I am pleased the Legislature has finally agreed to fund my proposal for more drug agents to stem the supply of deadly opiates flowing into our communities, but our law enforcement agencies are still understaffed. We must do more.

It is a pleasure serving as your Governor. If ever I can be of assistance to you or if you have any questions or suggestions, I encourage you to contact my office by calling 287-3531 or by visiting our website at www.maine.gov/governor.

Sincerely,

Paul R. LePage
Governor

Dear Friends and Neighbors:

I am so grateful and thankful that you've selected me to represent you in the Maine Senate. I am honored that you've put your trust in me and I will continue to work tirelessly you and your neighbors, as well as for the great State of Maine. Please let me provide you with a recap of the first session of the 127th Legislature.

The most important item on our to-do list is clear: our state needs more jobs at all levels of the pay scale, so it is our responsibility and my top priority to work to expand economic opportunity for all Mainers. To this end, my fellow legislators and I accomplished a great deal during the first session of the 127th Legislature.

We passed a biennial budget that ensured that more Maine families received a tax cut. That same budget stopped taxes on military pensions, so those who have given all that a person can give can feel welcomed and at home in our state. We restructured portions of our welfare system, increasing funding for nursing homes, and put far more funding towards eliminating waitlists for services for brain-injured and intellectually disabled Mainers.

I'm really looking forward to watching how the significant changes we've already made will better the everyday lives of Mainers. I wanted to serve in Augusta because I believe that, while I'm here, I can have an impact on the direction of our district and state. Because of this belief, passing vital legislation (and, sometimes, stopping bad legislation) has remained one of my top priorities.

As you know, more changes are necessary. This year, during the second session of the legislature, we need to make progress towards addressing the cost of energy in this state. There are a number of bills that have been proposed that would change the way our state's energy system works. I also believe that working to provide support to areas hard-hit by recent mill closings should be a focus of the 2016 session. Fighting the war of drugs here in Maine will also be a top priority for me as I will continue to serve as Chair of the Committee on Criminal Justice and Public Safety. Several bills have been proposed that will aid officers in combating the drug epidemic taking place in Maine.

You have my humble and sincere thanks for allowing me to represent you in Augusta. Please feel free to contact me at 207-287-1505 or kurlykim40@aol.com if you have comments or questions, or if you would like assistance in navigating our state's bureaucracy.

Sincerely,

Kimberly Loren

January 2016

Dear Neighbors and Friends,

I am honored for the opportunity to continue serving the people of District 131 in the House of Representatives as Maine citizens continue to face many challenges. I look forward to resume working with fellow legislators, along with the Governor, to find solutions to the long-term problems that our state and our citizen's face. My goal is to ensure we have an effective and efficient government that handles your taxpayer money responsibly.

There are issues that must be addressed, like lowering the cost of energy for businesses and homeowners, fighting the scourge of illegal drugs and continuing to create an economic climate where jobs are created and businesses thrive. I will also continue to be an advocate for our senior citizens and our states most vulnerable population, those friends and neighbors who have severe developmental disabilities or mental illnesses and struggle to find support and services.

I continue to serve on the Joint Committee on Labor, Commerce, Research and Economic Development. This committee will be faced with many decisions that will affect residents of our district and across the State of Maine. I look forward to continuing the work of this committee.

I encourage you to visit the Legislature's website, <http://www.maine.gov/legis>, for up-to-date information, status of bills, public hearing dates and roll call votes on legislation. If you would like to sign up to receive my e-newsletter, please send an e-mail to karl.ward@legislature.maine.gov If you have any concerns about your State Government do not hesitate to share them with me.

Sincerely,

Karl Ward
State Representative

The Notes to the Financial Statements are an Integral Part of this Statement.

Other Matters

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages 3 through 7 and 25 through 27 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Orland, Maine's financial statements as a whole. The introductory section and other supplementary information are presented for purposes of additional analysis and are not a required part of the financial statements. The other supplementary information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the financial statements.

The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Respectfully Submitted,

James W. Wadman, C.P.A.

In the past, no one thought of recycling computers and other electronics. But these days engineers have taken notice that electronics usually contain a wealth of valuable materials. Plus, recycling almost always means lower net carbon emissions that would normally be emitted while manufacturing a new product. Finally, electronics are made with a sizable amount of lead, cadmium, brominated fire retardants and plastics that can leach toxic breakdown products — that's stuff no one wants in their water supply! Recycling electronics is good for the environment and our local communities.

If you have any questions about whether your electronic device can be recycled at the Buck-sport Transfer Station, feel free to contact us at 469-7496.

Nationally, approximately 2.8 billion pounds (1.4 million tons) of electronic equipment were recycled in 2006, including 65 million units of computer equipment (CPUs, monitors, and printers). The electronics recycling process yielded 1.3 billion pounds of recyclable materials, more than half of which were metals. Consumer electronics alone are now considered to be approaching more than 3 million tons generated annually.
(Institute of Scrap Recycling Industries, Inc. www.isri.org)

RECYCLABLE MATERIALS

NEWSPAPER, MAGAZINES, TELEPHONE DIRECTORY AND CATALOGS:

Loosely deposit in yellow container. You may combine all the above items in the same container. Do not bundle or leave in a paper bag. Items should not be contaminated.

PAPER

MIXED PAPER:

Please, No Trash
Includes a wide variety of light cardboard boxes such as cereal or cracker boxes, shoe boxes, foreign in, junk mail, office paper, egg cartons. Please remove the waxed paper liner from any container, flatten and dispose of in the designated green #2 baler located on the recycling wall.

CARDBOARD & BROWN PAPER BAGS:

Only corrugated cardboard and brown grocery bags. Flatten and dispose of in the designated green #1 baler left of the trash hopper.

CLOTHING:

Must be clean and not contaminated with dirt or other substances. Deposit usable clothes in the designated box container.

LEAVES, GRASS, CLIP- PINGS & GARDEN RESIDUE:

Dispose of in compost pile located behind the transfer station. Please remove all plastic bags and containers. Please stop and see attendant before going down back.

PLASTICS:

Includes all plastics that have the recycle symbol on the bottom and are **Numbers 2 & 3**. Rinse clean. There is no need to remove labels. Remove all caps and rings. Do Not include plastic bags, motor oil containers, plastic wrap, styrofoam, or plastic utensils. Dispose of the plastics in the yellow container marked for plastics on recycling wall.

TIN CANS:

Please rinse clean. There is no need to remove labels. Include covers and rings from other containers. Included aluminum

NOTICE TO ALL USERS

Substantial Recycling means that you separate the required materials EACH time you visit the facility.

Items such as foil pie plates, pans or TV dinner containers. No motor cans. Dispose of the cleaned items in garbage can located along the recycling wall.

METAL ITEMS:

There is no charge for metal items, except for:
Propane Tanks
20 lbs \$10.00
>20 lbs \$20.00
Refrigerators
Air Conditioners, water coolers, etc. \$12.00

INDEPENDENT AUDITOR'S REPORT

Members of the Board of Selectmen
Town of Orland
Orland, ME 04472

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Town of Orland, Maine (the Town) as of and for the fiscal year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities and each major fund, and the aggregate remaining fund information of the Town of Orland, Maine, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the fiscal year then ended in accordance with accounting principles generally accepted in the United States of America.

Report of the Board of Selectmen

To the Citizens of the Town of Orland;

The year 2014-2015 has been an active one for the Selectmen's office.

Discussion is continuing regarding the Orland Village dam.

Work continues on the Community Center. Thanks to Mike Malenfant, our properties manager, the building is being used by several businesses. We have opened a fitness center. With the help of a grant from the Maine Community Foundation, excellent equipment has been purchased.

We are saddened by the loss of our plumbing inspector and code enforcement officer, Gerald Guse. Luke Chiavelli has been appointed his replacement and is doing a wonderful job.

As always, thanks to our fellow town officers and the many committee volunteers for another good year.

Respectfully submitted,

Edward Rankin, Sr., Chairman

Ralph Gonzales

Report of the General Assistance Administrator

The Selectmen adopted the General Assistance Ordinance (prepared by Maine Municipal Association, August 2005) on the 12th day of October 2006. We also adopted the Appendices (A-C) for Fiscal Year 2014/2015 to keep up with the State mandates. Applicants must show that they are attempting to improve their present situation which has caused them to seek assistance.

For fiscal year 2014/2015, we had an carry over of \$12,270.00, expenses of \$2,280.25 and reimbursement of \$2,136.25, leaving a balance of \$12,126.00. The expenses for the previous year were \$14,684.33. We normally receive reimbursements from the State of Maine at 50% of expenses paid. When an applicant is applying for Social Security disability and is approved, the Town is reimbursed 100% of general assistance provided to that individual.

For fiscal year 2014/2015, we received 15 applications for general assistance and processed 11. The previous year, we received 47 applications and processed 28. There is surely a decrease in applications received, number processed and the dollar amount paid.

The Selectmen wish to thank Tracy Patterson for working with individuals, processing their applications and helping them find assistance.

Respectfully submitted,
Ralph Gonzales
General Assistance Administrator

Report of the Town Clerk & Tax Collector

As in past years, I wish to thank the citizens of the Town of Orland for their support. As I begin my 26th year, I am amazed at how fast the years have gone by! Being the first contact most citizens have with the Town, the Clerk's office strives to give the best service possible. My thanks to Tracy Patterson, my deputy, for her quality service.

In the clerk's office, we licensed 297 dogs in 2014-15. **Please remember that a state-mandated \$25.00 late fee applies to re-registrations of dogs after January 31st of any given year.**

We are still working with the MOSES program for hunting/fishing licensing and recreational vehicle registrations. The licenses are completed and the State knows instantly that a customer has their license and/or registration. In 2014-15, we registered 210 snowmobiles, 150 ATVs, and 400 boats. We also processed 497 recreational licenses. In 2014-15, we processed over 3000 motor vehicle transactions.

On the tax collection side, we continue to have the first payment is due by September 30th and the second payment is due by March 31st. ***Taxpayers also have the option of paying the full amount by September 30th.***

With times becoming more difficult, we understand that finding the money to pay property taxes is not always easy. ***Please be aware that taxes can be paid on a monthly basis instead of coming up with the lump sum in September and March. If you have fallen behind in your taxes, please consider making a payment arrangement with the Board of Selectmen. These arrangements call for a mutually agreed upon amount to be paid monthly.*** We currently have over ten owners who have taken advantage of this program. Call the office if you are interested.
Respectfully submitted,

Connie L. Brown, CMMC
Town Clerk & Tax Collector

We recommend replacing the batteries twice a year or whenever you change your clocks for daylight savings time. If you need or know someone who may need help checking, replacing batteries, or installing detectors, please let us know and we will see that you get help.

We still have difficulty locating addresses when responding to emergencies due to unmarked or improperly marked mailboxes or houses. Please ensure your mailbox is marked with highly visible numbers that stand out which can be seen from both directions of travel on your road, day or night by responders. Not all emergencies are visibly obvious to responders, and a delay in locating you could be devastating to life or property. You may have noticed the blue, reflective house number signs around town. They have been a great help and are very visible to responders. You can order these through the town office and are very inexpensive to purchase. If you have any questions or need assistance posting your house number, please let us know.

Contact information for the department is as follows:

Robert Conary, Fire Chief

Report of the Orland Fire Department

To our fellow residents of Orland, Greetings;

This past year was a very successful one for our department. We were honored with the Bucksport Bay Area Chamber of Commerce Non-Profit of the Year award for our hard work. We had one firefighter graduate from the Hancock County Fire Academy. We also had two firefighters complete a local fire academy in Bucksport. We currently have one of the largest rosters of interior qualified firefighters in the area.

We responded to 83 total incidents, with 29 different incident types recorded. Once again, our most common type of incidents was motor vehicle accidents with injuries. Three of those involved fatalities. Accidents without injuries came in second, and weather-related calls third. We received mutual aid assistance four times from area departments, and provided mutual aid sixteen times.

The average response time for our department was 10.5 minutes. That was from the time of the tone to having personnel on scene. Pretty good considering as volunteers, our station isn't manned. We have to travel from where we are, to the station to get the trucks and then respond to the scene.

Our firefighters put in over 3208 volunteer hours responding to emergencies. This doesn't include the additional time spent after cleaning and putting equipment back into service to be ready for the next call. We spent an additional 1500 hours training and conducting station and equipment maintenance throughout the past year. What makes this significant is that we are one of the last departments in the county that are truly all volunteer. This means none of our firefighters receive compensation for the services they provide or calls they respond to.

We've had also had great success with our department's Facebook page. It's been well received and we use it to keep you informed of many of the things we have been up to. One post in particular was "shared" 293 times with 796 "likes" and reached more than 50,949 people around the country. That was regarding the vehicle fire where local heroes saved the lives of two occupants by risking theirs to get them out. We do ask that you not use the page to report incidents to us, use 911 or contact our dispatch service.

We strongly urge everyone to have working smoke and carbon monoxide detectors in their homes, and test them regularly.

Report of the Assessors

It has certainly been a year filled with changes for the Orland Board of Assessors! After 32 years of dedicated service, Mary E. Hauger, CMA has retired. The Board of Assessors and the entire town office would like to thank Mary for her stalwart service to the town and her continued support during this transition. Appointed to fill her position is Amber Poulin, CMA of Stockton Springs.

Also stepping down from a stellar 11 years of service is Geoffrey N. Hauger. Elected to fill his position is Sara Bair of Orland. Rhonda Clement also continues on with her elected term as the third member of the Board of Assessors.

In 2014/2015, the town's total valuation went up from \$200,140,280 to \$206,430,795 without exemptions. New listings include 9 new homes, 4 seasonal properties, and 1 mobile home.

The Board of Assessors processed 133 real estate transfers from April 1, 2014 to March 31, 2015. As a result of the money our municipality receives from the State Legislature through the State Municipal Revenue Sharing Program, Homestead Exemption Reimbursement, and State Aid to Education, your real estate and personal property bill has been reduced by 23.5%. The mil rate for the 2014/2015 tax year decreased from .0142 to .0137.

If a taxpayer believes that the valuation of their property is too high, an abatement application needs to be filled out and filed with the Board of Assessor's no later than 185 days after the date of commitment.

Homestead Exemption Applications are available at the town office. If you did not qualify last year, you may reapply. If you did qualify last year, you need not apply again. We granted 561 Homestead exemptions for the year of 2014/2015.

Also available at the town office are Veteran Exemption Applications. If you are veteran and are over the age of 62 or receive 100% disability, you may qualify. Please contact the Board of Assessor's for further details.

The Board of Assessors will be in session on or around April 1st of each year to provide the Declaration of Estate Forms. Declaration of Estate forms are for the purpose of providing the Assessors with any changes made to your property during the year. The exact dates of these sessions will appear in local newspapers and will be posted at the town office.

The Board of Assessors are always available to assist town members Fridays 9:00 AM to 12:00 PM and 1:00 PM to 4:00 PM. We are also available the first and third Thursdays of each month from 6:30 PM to 8:00 PM.

We also can be reached by e-mail at assessor@orlandme.org.

Respectfully Submitted,

Amber Poulin, CMA

Rhonda Clement

Report of the Animal Control Officer

To: Selectman and Residents of Orland .

This year was a slower year with fewer Complaints; I handled 39 complaints this year. The complaints ranged from Barking Dogs to Animal Trespass. The state does not have a law against barking dogs under animal welfare regulations therefore you need to have a town ordinance to enforce barking dogs. Orland does have a barking dog ordinance: Enforcement of this ordinance will have to be accompanied by a written complaint and the person making a complaint testifying in court. A change to the Animal Trespass law allows a summons to be issued on the first complaint now not waiting or giving an owner 12 hours to remove trespassing animals anymore. Animal trespass only applies to live stock and does not apply to dogs or cats.

Please make sure to get your pets vaccinated against rabies and make sure your dogs are licensed with the Town Clerk. Feel free to contact me with any questions @ my phone number listed above or via E-mail.

PLUMBING PERMIT: This permit must be obtained by anyone who is going to do any type of plumbing either on the interior or exterior of a new or existing building. The permit must be obtained from the Plumbing Inspector. A permit fee is charged and the amount depends on the number of fixtures, which will be installed. Once the permit has been obtained and the work completed, the Inspector must be notified so that he can inspect the work done. Plumbing permits are valid for twenty-four months after issuance. If a plumbing permit is being requested for the purposes of installing a subsurface disposal system, the applicant will be required to obtain the services of a certified soils scientist to design the system prior to seeking the permit. The Plumbing Inspector can be contacted for suggested names of certified soils scientists who serve the Orland area.

HIGHWAY ENTRANCE PERMIT: This permit must be obtained by anyone who is proposing to construct any driveway entrance or approach within the right of way of any town road. This is also true if the grade or location of any existing driveway entrance will be changed. Applications are obtained from the Road Commissioner. A similar permit has to be obtained from the Department of Transportation if the new entrance is proposed within a state owned right of way.

ELECTRICAL SERVICE FORM: Anyone who is planning to install a new electrical service will be required by the utility company to obtain a signed form from the Code Enforcement Officer indicating that the property on which the improvements are to be made is not in violation of subdivision requirements and a shoreland zoning permit has been obtained if required. There is no fee for this permit. Application forms may be obtained from the utility company.

WIRELESS TELECOMMUNICATIONS FACILITIES PERMIT: This permit is required for the location, construction and expansion of wireless telecommunication facilities. Permit approval must be obtained from the Planning Board.

NOTE: The above is solely informational and is not meant to represent any ordinance or state law in its entirety. Other state and federal regulation may apply to the same project. It is your obligation to obtain all other necessary permits before commencing work.

Application Procedures

In order to provide information to anyone who is planning a project (new or old) in Orland, outlined is a brief description of those permits, which may be required. Unless otherwise noted, applications are available at the Town Office. A \$5.00 fee is charged for copies of any of the ordinances.

SITE PLAN REVIEW PERMIT: This permit is required for all development proposals for establishment, alterations, or substantial enlargements of commercial, retail, industrial, institutional buildings and multiple family dwellings consisting of three or more units. Permit approval must be obtained from the Planning Board. A fee is charged.

SUBDIVISION REVIEW PERMIT: Subdivision review is required whenever three or more units are developed or any one lot is divided three or more times in any five-year period. Approval for a subdivision must be obtained from the Planning Board. The application fee is dependent upon the number of units or lots.

SHORELAND ZONING PERMIT: This permit must be obtained by anyone who proposes to construct, modify, enlarge, or change the use of any building located within 250' of the shoreline or any other area as designated on the official shoreland zoning map, which is located at the Town Office. This permit must also be obtained by anyone who proposes any changes to the land, such as clearing, erosion control, etc. within those designated areas. Permits are issued either by the Code Enforcement Officer or the Planning Board. The Code Enforcement Officer makes the determination as to who issues the permit. Whenever a shoreland zoning permit is requested for a new or expanded building, a copy of a plumbing permit must be attached to the application.

FLOOD HAZARD AREA PERMIT: This permit must be obtained by anyone who plans to construct, relocate, replace, enlarge, or modify any building which is located in the Special Flood Hazard area as designated by the National Flood Insurance Act of 1968, such map being located at the Town Office. The Code Enforcement Officer issues this permit.

The Town Treasurer, in conjunction with the Selectmen, is responsible for managing the Town's finances. This includes ensuring that monies are responsibly collected, safeguarded, accounted for, and distributed or invested.

As of June 30, 2015, the Town of Orland is in solid financial shape with an Unassigned Fund Balance (formerly called Surplus) of \$1,590,000+. It is the goal of the Town of Orland to achieve and maintain a minimum Unassigned Fund Balance equal to 30% of budgeted expenditures. The \$1,590,000 is 40% of our 2015/2016 budgeted expenditures.

The General Fund has no outstanding loan debt. Our Sewer utility Program bond loan has a principal balance of \$94,280.69. This amount is scheduled to be paid in full in April 2023.

More financial information is included in the annual audit section. If you have any questions, please don't hesitate to contact me at 469-3186 or treasurer@orlandme.org.

Respectfully submitted,
Dorothy E.S. Baker, Treasurer

Report of the Orland Planning Board

This year was again slow in terms of permit activity. The Board issued two Site Plan Review permits. One was for an upgrade to the variety and redemption store on Rte. 1 in East Orland, and the other was for a new automobile repair garage on the Surry Rd. The Board also approved the demolition and replacement of a non-conforming camp on Toddy Pond and approved a minor revision for the Long Point Subdivision. The Board also recommended a new fee structure under the new Site Plan Review Ordinance which the Selectmen approved.

A great deal of the Board's time was spent dealing with wind energy issues. We participated in both Public Hearings conducted by the Selectmen. We began reviewing the Wind Energy Ordinance for the benefit of those Board members who were not involved with the original development of the Ordinance, a process which is still ongoing. And, we adopted a resolution that should the current ordinance be revised, if an applicant has a pending application, that application will be reviewed under the current ordinance.

All Board members attended a Planning Board workshop sponsored by the Maine Municipal Association. We all found it to be helpful.

Finally, Mike Bishop who was a Board member for a number of years resigned and was replaced by Brenda Leavitt. We would like to thank Mike for his service.

Orland Historical Society 2014-2015

The society had a successful year with open museum once weekly during the summer months and an Open House in August. We held monthly meetings at the museum on the 4th Wednesday of the month from April through October. At several meetings, we enjoyed a pot luck dinner before the business meeting. We hosted the Prospect Historical Society at one meeting and the Penobscot Historical Society at a second meeting with a pot luck supper.

The society featured a special display of vintage toys that were loaned by local folks for the summer season. This display was popular as many visitors were able to view it. We held an Open House in conjunction with an Antique Auto Show in August. The Society ladies also held a bake sale in conjunction with the Car Show.

Orland Historical Society accepts loaned or donated historical artifacts in our museum. Our collections continue to expand from donated historical items.

The society welcomes groups to schedule tours of our museum. We will also entertain folks to call ahead to view the museum on days that we are not open by schedule.

Orland Historical Society welcomes anyone interested in joining who has an interest the town of Orland and its past people and history.

We wish to thank the Town of Orland for its continuing support of OHS to preserve our past for future generations to enjoy.

Our plan is to provide the results of all of these studies and information on future costs, funding sources and impacts for each of the alternatives . The major issue to decide is will the Town keep the dam or should we look toward removal.

Informational meetings will be schedule this winter and spring. We will be asking the Citizens of the Town to vote on the future of the dam at the next town meeting.

John Barlow, Chair

Report of the Orland Fish Committee

A total of 182,400 pounds of alewives was caught. That was sold in 730 crates at \$45.00/crate. The Town's share of the proceeds was \$6,566.40.

Respectfully submitted,

Margaret Hanscom

For Committee Members:

Anne Leclerc

Peter Robshaw

Jay Clement

Margaret Hanscom

Paul Hopkins

Orland Dam Committee 2014-15

The Orland Dam Committee continued meeting during the winter of 2014/15. Representatives from NOAA and the Nature Conservancy and the Dam Committee discussed the results of the initial Feasibility Study (<http://www.orlandme.org/Orland%20Dam.html>) and some of the questions that needed further investigation. NOAA has funded the Nature Conservancy to investigate some of these questions. As a result of the NOAA funding Stantec Consulting has been working on the following tasks this past summer:

Task 1 – Determining the effect on the Narramissic River as a result of Verso's discontinuing water withdrawals from Alamoosook Lake Dam. This task was not funded but remains to be answered.

Task 2 – Determining the effect of Tidal Water surface elevation on the River upstream from the dam.

Task 3 – Determining the elevation of bedrock between the dam and the Castine Road.

Task 4 – Topographic survey of the area between Upper Falls Road and Duck Cove Road.

Task 5 – Sediment Probing and Bathymetric mapping in the Narramissic River Downstream from Upper Falls Road and Whites Brook between the Narramissic River and Duck Cove Road.

Task 6 –Revise hydraulic model and simulations for existing and dam removal conditions.

Task 7- Assess the effect dam removal would have on scour at State Route 175 and US Route 1 bridges.

Task 8 – Develop maps of potential water supply for fire-fighting.

Task 9 – Develop photo simulations of multiple sites should the dam be removed.

Another task that we will be looking into is the question of possible mercury contamination and the effect that dam removal could have on contaminated sediments.
